

Satcube Instant

Our all-in-one rental service

Satcube Rental Service

A modern online rental service delivering a ready-to-use Satcube terminal, including capacity, within 48 hours, wherever you need it in the world.

Accessories you might need can also be included.

Upon receipt of your terminal, a member of our Sales team will take care of your onboarding through the communication channel of your choice.

With your terminal, you also get access to your online dashboard where you can keep track of your terminal(s), see the data consumption in real time and top up data if needed.

How it works

Order online

Order a rental terminal online on satcube.com
